

**ARITHA**  
Consulting Services

**AI and Machine Learning**

**DevOps**

**Python and Data Analytics**

**Agile Trainings and Workshops**

**Big Data**

**Web Stack Development**

Aritha Consulting Services is one of Bengaluru's leading provider of technology training services. We specialise in courses on Big Data, DevOps, Agile, Web Stack Development, Machine Learning, Python and Data Analytics streams. Our courses are designed by experts who have been involved in complex software development projects in various organisations. Our instructors have the expertise and experience in delivering high quality training across many software organisations. The trainings are delivered either at the customer premises or at our in-house training facility in Bengaluru.
